Randolph-Macon College

Ashland, Virginia

Summer 2012

Dear New Randolph-Macon Student,

All fulltime students are required to have health insurance throughout their terms of enrollment. If you do not have medical coverage, ACE Property and Casualty Insurance Company offers a plan which is available to all enrolled students taking a minimum of nine (9) credits. This plan is a school-sponsored plan, and was designed specifically for our students.

Highlights of the plan include:

- Medical benefit maximum - $100,000 per policy year
- Annual Deductible - $150
- Coinsurance level – 80% of Reasonable and Customary Charge
- Students must receive a referral from the Student Health Center before being treated to have benefits paid
- Prescriptions covered with copays at $15/$30/$45
- No pre-existing condition limitation
- Policy effective date August 14, 2012

The annual student premium for the policy is expected to be approximately $1,488.

A policy brochure with more detailed information will be available by mid-July. Please check our broker's website at www.cirstudenthealth.com/RMC for all updates on the plan.

If you decide to purchase the college sponsored plan, please complete an online enrollment on the above website. We anticipate that the enrollment pages will be available by the middle of July and will remain open through October 1, 2012.

If you have private coverage, please complete the online **Waiver** Form (on the same website). Please check the website in Mid-July to complete your online Waiver. This will insure that we have your health insurance information, and will be shared only with the College's Health Service Staff. Waivers will be accepted until October 1, 2012. It is also important that you provide a copy of your insurance card to the Health Center in order to remain a registered student.

Thank you. We look forward to seeing you on campus!
